

Gender Medicine for Medical Prescribers

Project ECHO and Qld Children's Gender Service community of practice

Medical providers currently prescribing or wanting to learn how to prescribe gender affirming medical treatment (endocrinologists, GPs, sexual health physicians, nurse practitioners) are invited to participate in this community of practice.

Each session will provide an opportunity for a group member to discuss a case with peers and panel members:

Kate Giles – Nurse Navigator, Queensland Children's Gender Service

Dr Stuart Aitken – Sexual Health Physician, Queensland Children's Gender Service

Dr Victoria Featherstone – GP, Holdsworth House Medical Practice

**Wednesdays 1:30-2:30pm,
5x weekly sessions, March 1st-29th 2023**

All you need is a preparedness to contribute ideas and your own de-identified cases to the discussion.

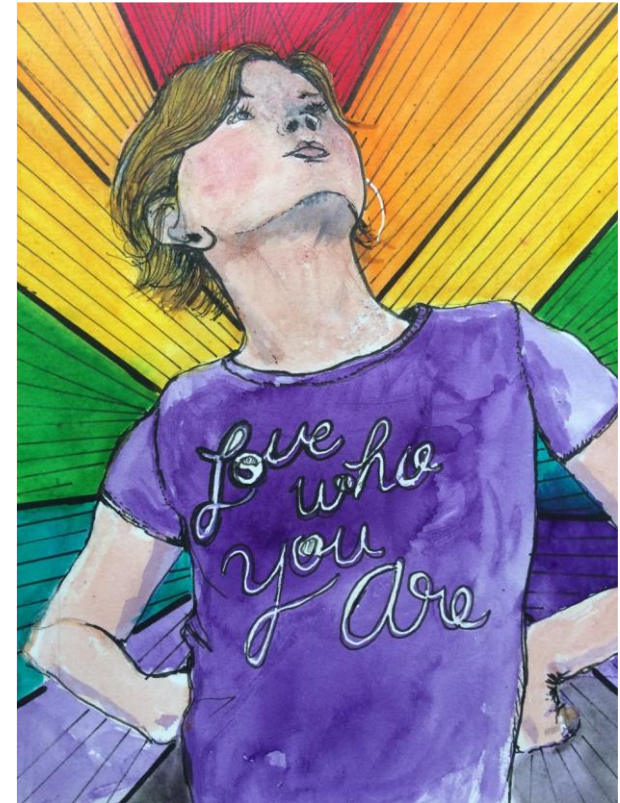

Please note places are limited. We welcome your expression of interest to participate here:
